

# Biotechnology Career Day 2005

Wednesday, October 19, 2005  
9:00 a.m. - 3:00 p.m.  
Molecular Biology Building Atrium  
Iowa State University

---

## Discover opportunities in biotechnology!

Biotechnology Career Day is designed specifically with life science majors in mind! Because this event is smaller than College career days, it provides a perfect opportunity to talk at length with company representatives.

This event is for *undergraduate and graduate students* looking for an internship, job, or post-doc opportunity in biotechnology-related fields. Companies will be attending to talk to you about your career goals. Be sure to dress professionally and bring several copies of your resume to give to company representatives.

### Companies attending as of 10/3/05:

Abbott & Associates

[Biomedical Research Training Program - University of Nebraska](#)
